

Keep Cool! Protect Your Health When It is Hot!

- Drink plenty of water.
- Turn on your air conditioner.
- If you do not have air conditioning, use a fan.
- Open windows or visit a Cool Center.
- Take a cool shower or bath.
- When over 90°, visit a friend with air conditioning or a cool mall, library, senior center or theater.

You are at risk if you have certain medical conditions, take medication for high-blood pressure, have a mental-health condition, have been using drugs or alcohol or have had a previous heat-related illness.
